1	IN THE UNITED STATES DISTRICT COURT	1	DAVID G. ENGLISH, first having
	FOR THE WESTERN DISTRICT OF PENNSYLVANIA	2	been duly sworn, testified as follows:
2	MICHAEL W. HILL of al CA No. OF 160 Evia	3	•
3	MICHAEL W. HILL, et al., : C.A. No. 05-160 Erie Plaintiff : C.A. No. 03-323 Erie	4	DIRECT EXAMINATION
4	: C.A. No. 03-355 Erie	5	BY MR. LANZILLO:
	v. : C.A. No. 03-368 Erie	6	DI PIR, ENIZIELO.
5	: C.A. No. 04-011 Erie	-	O. Good warming Mr. Familiet. Manager in Diele
6	JOHN J. LAMANNA, et al., :  Defendants :	7	Q. Good morning, Mr. English. My name is Rich
7		8	Lanzillo, as I introduced myself a moment ago to you. I
8	D. W. CRANTO C. THOUTCH tolera before	9	represent the Plaintiffs in these related actions.
9 10	Deposition of DAVID G. ENGLISH, taken before and by Janis L. Ferguson, Notary Public in and for	10	We have scheduled your deposition today so that I
11	the Commonwealth of Pennsylvania, on Wednesday,	11	can ask you some questions primarily relating to conditions
12	December 20, 2006, commencing at 10:00 a.m., at the	12	as they formerly existed at the UNICOR facility at FCI
13	offices of Knox McLaughlin Gornall & Sennett, PC,	13	McKean.
14 15	120 West 10th Street, Erie, Pennsylvania 16501.	14	Before I get started with my questions, there are
16		15	a couple of ground rules and some background that I should
17	For the Plaintiffs:	16	share with you.
10	Richard A. Lanzillo, Esquire Knox McLaughlin Gornall & Sennett, PC	17	First, as I'm sure you're probably already aware,
18	120 West 10th Street	18	both my questions and your answers will ultimately be
19	Erie, PA 16501	19	, ,
20	For the Defendants:		transcribed by Janis, our court reporter. To ensure that
21	Douglas Goldring, Esquire Federal Prison Industries (UNICOR)	20	the transcript is clear and understandable, it's important
21	400 First Street NW	21	that you respond to each of my questions verbally; that you
22	Washington, DC 20534	22	avoid simply shaking or nodding your head, because Janis can
23		23	miss that and there may not be an answer to my question.
24	Reported by Janis L. Ferguson, RPR, CRR	24	Also, I would ask you to use the words yes or no
25	Ferguson & Holdnack Reporting, Inc.	25	when responding to a question in the affirmative or the
	Page 2		Page 4
1	INDEX	1	negative. If you use phrases such as uh-huh or huh-uh, that
2		2	can be ambiguous on the record as well. Finally, and most
3	TESTIMONY OF DAVID G. ENGLISH	1	
1 7		3	importantly, if at any time you do not hear me clearly or do
1 1		3	importantly, if at any time you do not hear me clearly or do
4	Direct examination by Mr. Lanzillo 3	4	not understand my question, you need to tell me that so that

David G. English.  Q. And what is your current address, Mr. English?  A. 49 Cobham Park Road. That would be C-O-B-H-A-M Park Road.  Q. How are you presently employed?  A. (No response.)  Q. Where do you work?  A. I work at FCI McKean, federal prison, UNICOR.  Q. What is your position there at present?  A. I'm going with my old title. Night shift supervisor.  Q. Has there been some transition in your position
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	Direct examination by Mr. Lanzillo	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	not understand my question, you need to tell me that so that I can repeat or rephrase the question for you. If I ask a question and you respond to it, I will assume that you both heard it and understood it. Is that fair enough?  A. Yes, it is.  Q. Very good. Would you state your full name for us.  A. David G. English.  Q. And what is your current address, Mr. English?  A. 49 Cobham Park Road. That would be C-O-B-H-A-M Park Road.  Q. How are you presently employed?  A. (No response.)  Q. Where do you work?  A. I work at FCI McKean, federal prison, UNICOR.  Q. What is your position there at present?  A. I'm going with my old title. Night shift supervisor.

23

24

25

A. Yes. Everybody got displaced. We went from a

24 wood factory to a plastic factory. And the slow startup,

25 everyone is getting foreman positions. I'm presently back

se 1	:03-cv-00355-SJM-SPB Document 70	)-17	Filed 02/02/2007 Page 2 of 24
	. Page 5		Page 7
1	on night shift doing a foreman job or my yeah, foreman	1	A. The structure was Marty Sapko started as the
2	job on night shift.	2	assistant factory manager can I ask you one question
3	Q. How long have you been on the night shift?	3	before I go farther on the structure?
4	A. I started the night shift in 1995 to December of	4	MR. GOLDRING: Can we go off the record for a
5	2005, at which time we shut the second shift down and, you	5	minute?
6	know, we all worked day shift.	6	MR. LANZILLO: Sure.
7	Q. Okay.	7	(Discussion held off the record.)
8	A. And I'm back on nights. Approximately two and a	8	Q. Mr. English, I'm going to be asking you some
9	half months ago I started back on night shift.	9	questions in a moment regarding your work history and your
10	Q. When does the night shift begin and when does it	10	background. But for purposes of my current inquiry, let's
11	end?	11	focus on the time frame 2001 through 2004. Focusing on
12	A. Shift starts at I start at 3:00, and it ends at	12	those years, who would have been your immediate supervisors?
13	11:00 p.m.	13	A. (No response.)
14	Q. The day shift and the night shift, do they employ	14	Q. For example, was Mr. Sapko your immediate
15	roughly the same number of inmates at the facility?	15	supervisor throughout the period of time 2001 through 2004?
16	A. No, they do not.	16	A. The dates I'm confused on the dates. I
17	Q. Okay. How do they and let me back up to the	17	can't I can't remember when Mr. Sapko came on his actual
18	time when the facility was a furniture or wood factory. At	18	position. I'm going to go with Mr. Sapko and Mrs. Forsyth.
19	that time was there a difference in the number of inmates	19	Q. Okay.
20	working at UNICOR during the day shift versus during the	20	A. Okay?
21	night shift?	21	Q. Well, let me back up, then, a little bit and just
22	A. Yes, there was a difference.	22	get some additional background. First of all, what is your
23	Q. Okay. Were there fewer or greater number of folks	23	educational background? Did you graduate from high school?
24	in the night shift?	24	A. Yes, I did.
25	A. There were fewer on nights.	25	Q. What year did you graduate from high school?
	Page 6		Page 8
. 1	Q. Approximately how many worked on the night shift?	1	A. 1974.
2	A. At one time I had approximately 120 to 130 inmates	2	Q. Did you have education beyond high school?
3	on night shift.	3	<ul> <li>A. I had vocational training, carpenter class.</li> </ul>
4	Q. How does that compare with the day shift?	4	Q. Where did you receive that training?
5	<ul> <li>A. Day shift, I'm going to take a guess; right around</li> </ul>	5	A. Warren Area High School and Warren Area Vo-Tech
6	180 to 200, depending on the circumstance.	6	School.
7	Q. What was your job title when the UNICOR facility	7	Q. Did you receive that after high school graduation
8	made furniture?	8	or before?
9	A. Night shift night shift supervisor. Or also	9	<ul> <li>A. It was all during high school graduation [sic].</li> </ul>
10	could have been called general foreman. Depends on who	10	Q. So that would have been part of your high
11	was	11	school
12	Q. Is that the same position, essentially; night	12	A. '71 through '74, yes.
13	shift supervisor versus general foreman?	13	<ul> <li>Q. And after completing high school, including your</li> </ul>
14	A. Yes.	14	vocational training, did you receive any further education
15	Q. I've seen you referred to as the general foreman,	15	beyond that?
16	that's why I asked. While you were employed at UNICOR as	16	A. Just on-the-job education.
17	the general foreman or night shift supervisor and the	17	<ul> <li>Q. And that's a good segue into your employment</li> </ul>
18	facility was still a wood or furniture factory, who was your	18	background. Tell me how you were employed after graduating

19 from high school.

20 A. From 1974 to 1981, I was employed at Struthers &

21 Wells Corporation in Warren, Pennsylvania.

22 Q. Struthers & Wells?

23 A. Correct.

24

Q. What do they do?

A. They made heat exchangers and boilers and stuff 25

A. Above Marty would have been Debora Forsyth. Can I

add to that? Another boss that I did work for was Ed

Q. And what was Mr. Willis' position?

immediate supervisor?

A. Marty Sapko.

Q. Anyone else?

20

21

22

23

Page	ç

1 like that.

2

5

- Q. What was your position there?
- 3 A. I held -- had several. I worked in the carpenter
- 4 shop. I was equipment operator.
  - Q. Okay. And then after Struthers & Wells
- 6 Corporation, after 1981 when you left Struthers & Wells,
- 7 where did you go to work?
- 8 A. From 1981 to 1992, I was employed by the Warren
- 9 County Sheriff's Department as a deputy sheriff.
- 10 Q. Why did you leave that position?
- 11 A. To further my career in UNICOR at federal prison
- 12 industries.
- 13 Q. So there was an opportunity at UNICOR --
- 14 A. Yes.
- 15 Q. -- and you decided to leave the Warren County
- 16 Sheriff's Department to pursue that opportunity?
- 17 A. That's correct.
- 18 Q. All right. So then 1992, you became an employee
- 19 of the Bureau of Prisons? Is that correct?
- 20 A. That's correct.
- 21 Q. And what was your first position at FCI McKean?
- 22 A. Correctional officer.
- 23 Q. Now, that position, it would have been outside of
- 24 UNICOR, would it not?
- A. Correct.

- 2005, did you remain a general foreman?
  - A. Correct. My title never changed.
- 3 Q. All right. And what were your responsibilities as
  - a general foreman at UNICOR?
- 5 A. I was in charge of the inmate population, the
- 6 foremen that worked under me, and the production on the7 night shift.
  - night shift.

    Q. When you say you were in charge of the production
- 9 on the night shift, did you set any type of production goals 10 or quotas?
- 11 A. Not quotas. We always had due dates we went by, 12 and we pulled orders from the machinery and floors by due
- 13 dates and worked on specific orders on a nightly basis by
- 14 due dates.
  - Q. And how were due dates determined?
  - A. I don't understand that question.
- Q. Were there different projects proceeding through
- 18 production at UNICOR at any given time?
  - A. Again, you go by due dates. The boss may have a
- 20 due date. That job would have to be out the door at such
- 21 and such a date. That's the due dates. Okay? I mean, the
- 22 customer had an order, and it had to be out the door by such
- 23 and such a date.
- 24 Q. I got you.
- 25 A. We just went by -- in other words, if this job

## Page 10

- Q. All right. So you're a correctional officer in
- 2 the general prison population?
- 3 A. Yes
- 4 Q. And how long did you remain a correctional
- 5 officer?

1

- 6 A. Three months.
- 7 Q. And what was your next position after correctional
- 8 officer?
- 9 A. Foreman in UNICOR.
- 10 Q. Did your job title change between becoming a
- 11 foreman at UNICOR in around 1992 and the date that the
- 12 facility ceased to be a wood and furniture factory, or did
- 13 you remain a foreman throughout that period of time?
- 14 A. From 1992 to 1995, I was a foreman, and I was
- 15 promoted to the night shift general foreman position in '95.
- 16 Q. Did your job title change at any time between
- 17 '95 and the date when UNICOR at FCI McKean ceased to be a
- 18 wood and furniture factory, or did you remain a general
- 19 foreman throughout that period?
- 20 A. Did it change after we went from wood to plastic?
- 21 Is that your question, sir?
- Q. No. I'm focussing on the period of time between
- 23 1995, when you became a general foreman, and the date that
- 24 the facility ceased to be a furniture and wood factory.
- 25 During that period of time, 1995 to, I guess, approximately

Page 12

Page 11

- 1 had -- is July 10th, and this job had July 15th, and this
- 2 job was July 20th, we would work on the 15th job that night.
- 3 Always went by priority dates; earliest date to later date.
  - Q. And my question is simply: Where did those due
- 5 dates come from? Did you set them or did they come down
- dates come from: Did you set them or did they come dow
- 6 from a higher authority?
  - A. They come down from a higher authority.
  - Q. All right. Do you know who set the due dates for
  - production?

7

8

- A. It would come out of the upper office. Like thefactory manager's office.
- 12 Q. Who within UNICOR was primarily responsible for
- 13 matters of Occupational Safety and Health during the time
- 14 that you were general foreman? I'm sorry -- yeah, general
- 15 foreman.
- 16 A. Well, we all were responsible for safety. Any
- 17 issues that would come up in reference to me, I would try to
- 18 solve the problem verbally, and if it was a safety or --
- 19 problem, I would direct that through our safety department
- 20 and my supervisors.
- 21 Q. Who did you understand to be the highest authority
- 22 within UNICOR on issues of safety and health?
- 23 A. The highest authority that I would understand
- 24 would be Steve Housler, which is our safety manager, and the
  - 5 highest chain of command we'd have after that in our factory

6

9

14

15

16

21

	Page 13
1	would be our SOI, superintendent of industries, which would
2	have been Deb Forsyth.
3	Q. Let me be a little more specific as to certain
4	aspects of Occupational Safety and Health. Who, for
5	example, was responsible for compiling and maintaining
_	

- Material Safety Data Sheets or MSDS sheets? A. (Pause.) I don't understand the question. I - I understand your question, but I don't know who -- what 8
- 9 you're looking for.

7

- MR. GOLDRING: And just to remind you, Dave, if 10
- you don't know the answer to a question --11
- THE WITNESS: Right. 12
- 13 MR. GOLDRING: -- it's okay to just --
- THE WITNESS: Okay. 14
- 15 MR. GOLDRING: -- to just respond with I don't
- know the answer to the question. 16
- 17 Q. Yeah, that's fine. I mean, if you don't know, I
- don't want you to guess. 18
- 19 A. Right.
- 20 Q. I mean, do you know who was responsible for
- compiling and maintaining Material Safety Data Sheets within 21
- 22 UNICOR?
- 23 A. I would be safe to say the factory manager, and
- there's a foreman, Darryl Snyder, actually made sure the 24
- 25 book was updated.

- MR. LANZILLO: Sure.
- 2 (Discussion held off the record.)
- 3 Q. So with respect to the MSDS sheets, I think you
- mentioned the factory manager would have some responsibility

Page 15

- for those. Is that right?
  - A. To my understanding, yes.
- 7 O. And who held the position of factory manager
- 8 between 2001 and end of 2004?
  - A. Marty Sapko.
- 10 Q. And you mentioned another individual who --
- 11 whether he was directly responsible for those or not, you
- believe at least was involved in updating those sheets. 12
- 13 What was that person's name again?
  - A. Darryl Snyder.
  - Q. What was Mr. Snyder's title again?
    - A. He's a woodworking foreman or -- yeah.
- 17 Woodworking foreman.
- Q. In the hierarchy at UNICOR, would he be in a 18
- position above your position, on the same level as your 19
- 20 position, or below you?
  - A. He'd have been below me positionwise and
- 22 titlewise.
- 23 Q. Do you know how it is that Darryl Snyder came to
- be working with the MSDS sheets? 24
- 25 A. No, I don't.

#### Page 14

- Q. Mr. English, I've noticed that periodically as
- you're answering my questions, you're referring to documents 2
- 3 in a notebook. May I ask you what you have with you today?
  - A. I just have a few notes jotted down for my memory.
- Q. I'm not very good at reading upside-down, but I 5
- 6 see that -- is that an e-mail or --
- A. That's just our addresses and stuff from here --
- 8 for here.
- Q. All right. This is communication with your 9
- 10 counsel, right?
- 11 A. Right. That's all that is.
- Q. I want to be fair to you. If you look at a 12
- document to help yourself answer a question, I'm going to 13
- want to see it. 14
  - A. That's fine. I have no problem with that.
- 16 Q. So I just want to give you a heads up on that.
- 17 A. I have no problem.
- Q. And I'm not going to discourage you from doing 18
- 19 that.

15

24

- 20 A. Right.
- Q. I just want to let you know if you do that, so I 21
- know how you're answering the question, I will ask to see 22
- 23 the document.
  - A. I understand that.
- 25 MR. GOLDRING: Can we just have a minute?

- Page 16 Q. When you joined UNICOR, did you receive any -- any 1 2 training?
- A. Just on-the-job training; being familiar with the 3
- factory, the machinery, the production process.
- Q. And by on-the-job training, do you mean that you 5
- started working and that over time you learned about the
- machinery, you learned about the operations, essentially by
- being there, by going through the processes? 8
  - A. That's correct.
- 10 Q. All right. So there was no formal training.
- program where you were -- you know, you sat down either in a 11
- 12 classroom or in the facility itself and someone said, this
- is how it's done, this is what we do, this is the way you
- handle this machine, things of that nature? 14
- 15 A. No.

9

- 16 Q. Was there any occupational safety or health
- 17 training provided while you were employed at UNICOR?
- 18
- 19 Q. Did you ever participate in maintaining or
- 20 updating the MSDS sheets?
- 21 A. No.

22

24

- Q. Did you ever read the MSDS sheets?
- 23 A. Not a whole lot.
  - Q. When you say "not a whole lot", can you remember
- 25 any occasion where you found -- found it necessary or

If an issue would come up, I would try to find that specific sheet and read on it, correct.  Q. Do you know whether an MSDS sheet existed between 2001 and 2004, the end of 2004, for Micore board?  A. Yes.  Q. I take it from your answer that you're aware that one did exist?  A. Was your question Q. Yes.  A was there a sheet? Q. Yes.  A. Yes. Q. All right. And did you ever have occasion to review that sheet for Micore board? That MSDS for Micore board.  A. Yeah. Q. Okay. And what prompted you to review the MSDS sheet for Micore board?  A. One of my foremen had an issue with it, so I read up on it. Q. Which foreman was that? A. Robin Bevevino. Q. When did you review the MSDS sheet for Micore	1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	Page 19 some question regarding the date of this exhibit. And for the record, this is a memo to Marty Sapko from you, and the subject is Foreman Robin Bevevino. The document you're examining now as your Exhibit 1 has a date indicated of April 16, 2003. Other versions of this memo have much more recent dates, which I understand from counsel the difference in the dates arises from the fact that there's an automatic date updating system on the computer, so when counsel retrieved this document from the computer, the computer automatically updated the date. That's why we're seeing more recent dates, including right up through 2006.  With that background on the record, let me ask you, first of all, did you create, compose Exhibit 1? Is this your document?  A. Yes.  Q. All right. Now, this version of Exhibit 1, am I correct that this came out of your files?  A. Correct.  Q. This version of the memo, Exhibit 1 to your deposition, has a date of April 16, 2003. Is that the date when you first drafted or prepared Exhibit 1?  A. Yes.  Q. And that would be consistent with the first paragraph of Exhibit 1, which appears to memorialize a
25	Page 18 A. I don't recall the date.	25	conversation that you had with Foreman Bevevino on April 16,  Page 20 2003 at 7:30 p.m. Is that correct?
2	Q. Do you recall the year?	2	A. Yes.
3	A. No. I'd have to guess, and I don't recall the	3	Q. All right. Recognizing that this is more than
4	•	4	three and a half years ago, is it your recollection that
	Q. All right. What was the issue that Robin Bevevino	5	after you had that conversation with Mr. Bevevino, you at
5	<del>-</del>	6	some point sat down and prepared this memorandum that same
6	had with Micore board?	°	Some point sat down and prepared this memorandin diat same

2	Q. Do you recall the year?
3	A. No. I'd have to guess, and I don't recall the
4	year.
5	Q. All right. What was the issue that Robin Bevevino
<sup>`</sup> 6	had with Micore board?
7	(Discussion held off the record.)
8	<ul> <li>Q. Before you get started in responding, for the</li> </ul>
9	record, the witness has indicated a desire to see a memo
10	that we previously exchanged.
11	MR. LANZILLO: And so the record is clear, why
12	don't we go ahead and mark this as English Exhibit
13	1.
14	MR. GOLDRING: If we can, again, agree that we're
15	not a hundred percent certain that the date is
16	correct on the top of the memo.
17	MR. LANZILLO: Since Mr. English is the author of
18	this document, I'll ask him some questions about
19	the date and make sure it's clear on the record.
20	(English Deposition Exhibit 1
21	marked for identification.)

Q. And while you're reviewing that, Mr. English, let

me just note a couple things for the record. An almost identical version of your Deposition Exhibit  ${\bf 1}$  has been

previously marked in earlier depositions. There has been

7 day?

9

16

19

25

To the best of my knowledge, yes.

Q. Where did you prepare this document, Exhibit 1?

Did you do it on your computer at work? 10

A. Correct.

Q. In the third paragraph of Exhibit 1, there is a 12

statement, it says quote, "He --" and correct me if I'm 13

wrong; the "he" in that sentence, the second sentence of the

third paragraph, that's a reference to Mr. Bevevino? 15

A. (No response.)

Q. The sentence begins, "He said there is cancer..." 17

A. That's correct; Mr. Bevevino. 18

Q. Okay. So according to the third paragraph of

Exhibit 1, Mr. Bevevino, quote, said, "There is cancer

causing agents in the micro [sic] board, and he is not going

22 to tolerate it."

23 Let me stop there. Are those his words, or is 24 that your paraphrase of what he told you?

A. They are his words.

5 (Pages 17 to 20)

A. Absolutely.  Q. And how would that be done?  A. The majority of the dust, we had a state-of-the-art dust-collection system. Big, powerful system. I would have to say a majority or most of it would	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	Q. Now, you're I don't know if you're reading from or just referencing your notes in front of you. When did you prepare those notes that you're looking at?  A. I just jotted these down last week.  Q. Did you jot down those notes after any discussions with anyone? Let me ask you, did you discuss any of the topics we're exploring today in your deposition with anyone prior to your deposition?  A. (No response.)  Q. Mr. Housler, Mr. Sapko, anyone like that?  A. No.  Q. Anyone at all?  MR. GOLDRING: Just us.  A. Just him.  Q. I don't want to ask you about that. But let me ask you, has anyone told you what other deponents have said in this case?  A. No, they have not.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	know, would you know, would you see it accumulate, you know, in someone's hair or on their clothing? I mean, could you observe that?  A. No.  Q. How about on the table saw itself? Would there be, like, some dust that would settle on the top of the saw?  A. Very little.  Q. But there would be at least some.  A. Some.  Q. All right. And how about on the floor in the area around the saws? Would there be dust that would accumulate?  A. Possibly in the immediate area; small amount.  Q. And would someone have to clean up that dust?  A. Absolutely.  Q. And how would that be done?  A. The majority of the dust, we had a state-of-the-art dust-collection system. Big, powerful system. I would have to say a majority or most of it would go through the dust-collection system.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	Q. Now, you're I don't know if you're reading from or just referencing your notes in front of you. When did you prepare those notes that you're looking at?  A. I just jotted these down last week.  Q. Did you jot down those notes after any discussions with anyone? Let me ask you, did you discuss any of the topics we're exploring today in your deposition with anyone prior to your deposition?  A. (No response.)  Q. Mr. Housler, Mr. Sapko, anyone like that?  A. No.  Q. Anyone at all?  MR. GOLDRING: Just us.  A. Just him.  Q. I don't want to ask you about that. But let me ask you, has anyone told you what other deponents have said in this case?  A. No, they have not.  Q. Okay. Were inmates who worked with Micore board,
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	know, would you know, would you see it accumulate, you know, in someone's hair or on their clothing? I mean, could you observe that?  A. No.  Q. How about on the table saw itself? Would there be, like, some dust that would settle on the top of the saw?  A. Very little.  Q. But there would be at least some.  A. Some.  Q. All right. And how about on the floor in the area around the saws? Would there be dust that would accumulate?  A. Possibly in the immediate area; small amount.  Q. And would someone have to clean up that dust?  A. Absolutely.  Q. And how would that be done?  A. The majority of the dust, we had a state-of-the-art dust-collection system. Big, powerful system. I would have to say a majority or most of it would go through the dust-collection system.  Your question, was there some on the tabletop,	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	Q. Now, you're I don't know if you're reading from or just referencing your notes in front of you. When did you prepare those notes that you're looking at?  A. I just jotted these down last week.  Q. Did you jot down those notes after any discussions with anyone? Let me ask you, did you discuss any of the topics we're exploring today in your deposition with anyone prior to your deposition?  A. (No response.)  Q. Mr. Housler, Mr. Sapko, anyone like that?  A. No.  Q. Anyone at all?  MR. GOLDRING: Just us.  A. Just him.  Q. I don't want to ask you about that. But let me ask you, has anyone told you what other deponents have said in this case?  A. No, they have not.  Q. Okay. Were inmates who worked with Micore board, including the sawing of Micore board, required to wear

24

Q. So did you observe inmates, what, brushing the

25 dust off the table -- table saw? Is that one means by which

Q. Well, let me start with respirators. Do you

24 know -- in your mind, is there a difference between a

25 respirator and a dust mask?

Pa	a	2	25

4

6

7

8

9

10

11

12

15

16

- A. Depends on what you're speaking of. Respirators, 1
- there's -- yes, in my opinion, from your questions, 2
- respirators are filtered, screwed on, which painters would 3
- use or -- is that your question, sir? Did they have that?
- 5 Q. Yes. And let me just, for purposes of my next
- 6 couple questions, adopt your definition; that a respirator
- would have the filters that attach and be, I guess, firmly 7
- secured by straps to someone's face. With that device in
- mind, were inmates required to wear respirators when cutting
- 10 Micore board?
- 11 A. No.
- Q. Were inmates required to wear masks when cutting 12
- 13 Micore board?
- 14 A. They had them to use at their convenience.
- Q. But they were not required to wear them? Is that 15
- 16 a correct statement?
- 17 A. Yes. That's correct.
- 18 Q. So just to make sure the record is clear, there
- was no requirement -- well, let me ask you the question in a
- simple form. Were inmates required to wear masks when 20
- 21 cutting Micore board?
- 22 A. (No response.)
- 23 Q. And I'm just simply looking for a yes or a no on
- 24 that one.
- 25 A. I'm going to say it was required -- can I go off

- A. Yes, more than likely.
- 2 Q. You say "yes, more than likely".
- 3 A. Okay, Yes.
  - O. And to whom did you make that statement? Which

Page 27

Page 28

- 5 inmates?
  - A. The operators on my saws. We'd have available and issue them dust masks, to any operators or workers on that specific equipment.
  - Q. And why did you do that? Why did you tell them that they must wear a dust mask?
    - A. They were the operators of that machine.
- Q. And was your understanding that as operators of 13 the machine, they are going to be the ones most directly
- 14 exposed to dust being generated --

A. From that machine, correct.

- Q. Do you know whether anyone else issued any type of
- 17 similar direction to inmates; that they wear -- specifically
- 18 that they wear a dust mask when cutting or working in the
- 19 vicinity of cutting of Micore board?
- 20 A. I don't understand your question. "Anyone else",
- 21 I don't follow you.
- 22 Q. Sure. Well, you've told me what you told inmates;
- 23 specifically that they must wear a dust mask when cutting
- 24 Micore board. My question is, to your knowledge, did anyone
  - else in the UNICOR facility issue a similar directive?

#### Page 26

1

2

7

9

12

13

16

19

25

- 1 the record one second?
- 2 Q. Are you going to confer with counsel on -- do you
- want to confer with your counsel on this? 3
  - A. Well, yes.
- 5 Q. Okay.

4

- (Discussion held off the record.) 6
- Q. Back on the record. Let me restate the question. 7
- My question is simply, were inmates required to wear a dust
- 9 mask when cutting Micore board?
- A. I don't know the answer for the requirement. 10
- 11 Q. If there were such a requirement, you were not
- aware of it? Is that a fair statement? 12
- 13 A. Your requirement question, I'm perceiving that --
- 14 is that a rule and a regulation that I had to enforce?
- 15 Q. Um-hum.
- A. I'd say if it was a requirement, I would make 16
- them, but if a guy didn't want to wear one at his option, I 17
- don't know if I would force him. That's where I'm confusing 18
- 19 the question, sir.
- Q. Well, let me ask you this: Did you ever say to an 20
- inmate cutting Micore board, or who had a position that 21
- involved cutting Micore board or working in the areas where 22
- 23 Micore board was being sawed, you must wear a dust mask?
- 24 A. (No response.)
- 25 Or words to that effect.

- A. I don't recall.
  - Q. Do you know Michael Hill, Leslie Kelly, Kevin
- Siggers, Myron Ward, or Kenny Hill? Are you familiar with 3
- 4 those inmates?
- 5 A. I'm familiar with Hill, Hill, and Ward.
- Q. So you're not familiar with Mr. Siggers? 6
  - A. He worked the day shift.
- 8 Q. And you're not familiar with Mr. Kelly?
  - A. He worked the day shift.
- 10 Q. Did you ever tell Michael Hill that he had to wear
- 11 a dust mask when working with Micore board?
  - A. No, I did not. I don't believe Mr. Hill ever
  - worked with Micore board.
- 14 Q. Did you ever tell Kenny Hill that he had to wear a
- 15 dust mask when working with Micore board?
  - Not to my knowledge.
- 17 Q. And did you ever tell Myron Ward that he had to
- 18 wear a dust mask when working with Micore board?
  - Not to my knowledge.
- 20 Q. After you had your conversation with Robin
- Bevevino on or about April 16, 2003, is that when you 21
- 22 reviewed the MSDS for Micore board?
- 23 A. I could have reviewed it prior to that date, but I 24 definitely reviewed it that night after our discussion.
  - Q. If you reviewed it prior to that date -- and I

7 (Pages 25 to 28)

4

7

14

16

21

2

- 1 understand what you're telling me; that you may have. But
- 2 sitting here today, you don't have any recollection of doing
- 3 that prior to April 16, 2003; is that correct?
  - A. Correct.
- 5 Q. All right. So you know you reviewed it after your
- 6 conversation with Robin Bevevino on April 16, 2003. My
- 7 question is -- well, first of all, what do you remember from
- 8 that review? Was there anything about the information on
- 9 the MSDS that you thought was significant or important?
- A. There was nothing on there that I can recall thatbothered me personally in reference to my own safety and
- 12 health, no.

16

- 13 Q. What about as to the safety and health of machine
- 14 operators, saw operators? Was there anything in there that
- 15 raised any concerns regarding that issue?
  - A. I can't recall what the information was --
- 17 (Witness asked for clarification by the reporter.)
- 18 A. I can't recall what the information was on the
- 19 MSDS without reviewing this.
- Q. Let me ask you this: After reviewing the MSDS
- 21 sheet, did that prompt you to change anything in the way you
- 22 supervised the inmates working in UNICOR?
- 23 A. No.
- Q. The memo we've marked as your deposition Exhibit
- 25 1, was that transmitted to Marty Sapko on or about April 16,

- Q. Did you ever hear indirectly that anyone had
- 2 complained or was having trouble with respiratory problems

Page 31

Page 32

- 3 or skin or eve irritation?
  - A. No. The best I can recall, no.
- 5 Q. So as far as you know, no one had any of those
- 6 problems in the shop?
  - A. Best of my knowledge, no.
- 8 Q. Now, during the night shift when you worked, where
- 9 were you located?
- 10 A. I was everywhere in the factory. My job was to
- 11 run the factory, so, obviously, I roamed through the
- 12 factory. I had an office I work out of, and I would be on
- 13 the floor the majority of my shift.
  - Q. Did you actually operate any of the machinery as
- 15 part of your job?
  - A. Not on a daily basis, no.
- 17 Q. How often would you operate the machinery on the
- 18 factory floor?
- 19 A. Basically inmates always were the ones to operate
- 20 the machines.
  - Q. That really wasn't part of your job, I take it.
- 22 A. No.
- 23 Q. You spoke softly there. That was a no?
- 24 A. Oh, I'm sorry.
- 25 Q. That's all right. Why did you prepare your

### Page 30

- 1 2003?
- 2 A. Yes.
- 3 Q. Was it sent to anyone else?
- 4 A. I'm assuming I gave Marty Sapko a copy and Deb
- 5 Forsyth, but I'm not positive on Deb. I always go by chain
- 6 of command, and Marty was my first supervisor on the chain
- 7 of command. For sure he got one.
- 8 Q. And you may have given one to Miss Forsyth, but
- 9 you don't recall.
- A. Correct.
- 11 Q. And did Mr. Sapko or Ms. Forsyth change any of the
- 12 policies, procedures, or rules at UNICOR after you issued
- 13 your memo of April 16th, 2003?
- 14 A. I don't recall.
- 15 Q. If they did, you don't remember, sitting here
- 16 today?
- 17 A. Correct.
- Q. Did any inmate or staff member at UNICOR ever
- 19 complain of respiratory problems?
- 20 A. No inmate ever complained to me ever about any
- 21 problem and no staff, except for Mr. Bevevino in your
- 22 Exhibit 1.
- 23 Q. Is that also true if I were to ask you whether
- 24 anyone ever complained about skin or eye irritation?
- 25 A. Correct. No one ever complained to me about it.

- 1 Deposition Exhibit 1, your memo dated April 16, 2003?
  - A. Only to inform my supervisor of what is written in
- 3 this Exhibit 1.
- 4 Q. Did your conversation with Mr. Bevevino raise any
- 5 safety or health concerns in your mind?
- 6 A. No
- 7 Q. Do you have a recollection regarding whether the
- 8 MSDS sheet for Micore board said anything about the use of
- 9 respirators or masks when cutting or utilizing Micore board?
- A. It may have, but without reviewing it, I can't
- 11 recall.
- 12 Q. Do you have any knowledge of any handwritten
- 13 changes made to the MSDS sheets, specifically with reference
- 14 to respirators or Micore board? Excuse me. Let me rephrase
- 15 the guestion.
- Do you have any knowledge of anyone changing the
- 17 MSDS sheet for Micore board, specifically with reference to
- 18 masks or respirators?
  - A. No.

- 20 Q. Did you ever make a change in that?
- 21 A. Absolutely not.
- Q. How many copies of the MSDS sheets were maintained
- 23 at UNICOR? Do you know?
- 24 A. Best of my knowledge, there was two copies; two
- 25 books.

1	Page 33 Q. And where were those two books located?	1	Page 35 Q. What about goggles? They had to wear safety
2	A. One was right outside the factory office, which	2	glasses.
3	all staff and inmates had access to it. I believe the	3	A. Safety glasses were definitely worn.
4	second copy was always kept in the tool room.	4	Q. And those are glasses, I take it, designed to
5	Q. Was there ever any training session conducted with	5	protect the inmate from items flying up and hitting them in
6	the inmates during which the MSDS sheets were reviewed?	6	the eye
7	A. I don't know the answer to that one.	7	A. Correct.
8	O. If that	8	Q is that correct? All right. They weren't
9	A. Or could you rephrase your question, sir.	9	required to wear goggles that would form around the face
10	Q. Sure.	10	with a strap, were they?
11	A. Training for who? The inmates?	11	A. No.
12	Q. For the inmates, yes.	12	Q. And at the end of the shift when the inmates went
13	A. Not to my knowledge. They had access to it for	13	back to their residences, am I correct that they would leave
14	free reading purposes.	14	in the same clothes that they worked in?
15	Q. And approximately how many MSDS sheets were in the	15	A. Yes.
16	books?	16	Q. Other than using a hand brush to sweep the
17	A. Total sheets in the book?	17	tables table saws and other equipment, the
18	Q. Um-hum.	18	dust-collection system that was attached, pneumatic air
19	A. I have no idea, sir.	19	hoses, and brooms and dust pans, was anything else used by
20	Were inmates required to wear any particular type	20	the inmates to clean up in the areas in or around the
21	of clothing when working in the UNICOR facility?	21	equipment that cut Micore board?
22	A. Not required. Other than their issued let me	22	A. I believe they had access to a Shop-Vac.
23	rephrase that. They had to have their issued khaki shirt	23	•
24	and pants on.	24	A. I'd say we had one under our stairwell on the
25	Q. And the issued khaki shirt and pants, was were	25	factory floor and maintenance shop.
		<u> </u>	
	Page 34		Page 36
1	those items that they would wear when they were outside of	1	Q. How often was a Shop-Vac used to clean up?
2	the UNICOR facility as well?	2	A. At their disposal. Whenever they wanted it, I
3	A. Correct.	3	believe. I'm not positive,
4	Q. So basically their regular prison garb.	4 -	Q. But as a matter of practice, would it be fair to
5	A. Correct.	5	say that the Shop-Vac was rarely used to clean up in or
6	Q. The inmates weren't required to wear coveralls, I	6	around the equipment? It was mostly done with brushes and
7	take it, while working in the shop?	7	brooms and the like?
8	A. We had them, and they would wear them at their	8	A. Yes.
9	request. I'm not positive there. I don't recall them being	9	Q. And certainly using the Shop-Vacs was not
10	required to wear them. We had them there, and if they want	10	required. Is that a correct statement?
11	them, they could wear them.	11	A. Yes.
12	Q. But would I be accurate in concluding that most of	12	Q. To phrase my question a little differently, were
13	the prisoners working in UNICOR were not wearing coveralls?	13	the inmates required to use Shop-Vacs. The answer is?
14	A. Correct.	14	A. No. Except can I elaborate on that?
15	Q. All right. Were they required to wear	15	Q. Of course.
16	long-sleeved shirts, or could they wear short sleeves or	16	A. If I recall right, on the one router, after OSHA
1 17	aven just a Tuchist?	117	come in they beaked up a Shop-Vac an that if I remember

17 even just a T-shirt?

A. You're correct. They could wear --

19 Q. At their option they could wear a long-sleeved

20 shirt, if they had one, a short-sleeved shirt, or even just

22 A. And/or a jumpsuit, if they wanted to.

23 Q. Were they required to wear any type of head

24 covering; a cap, or anything like that? The inmates?

25 A. No.

18 correctly. I'm not a hundred percent positive, but I

17 come in, they hooked up a Shop-Vac on that, if I remember

19 believe I can remember that.

20 Q. On the one router, after OSHA came through and did

21 their inspection, when you say they hooked up a Shop-Vac,

22 what do you mean by that? I think I know, but why don't you

23 explain it.

24 A. To the best of my recollection on that -- on that

25 router, the router had a hole where most all the dust would

0 1	.co ov occoo com or b bookmont ro		1 110d 02/02/2007 1 dg0 10 01 2 1
	Page 37		Page 39
1	get sucked down in through dust collection, and they put a	1	Q. So the area designated as the post form line,
2	Shop-Vac there to use to suck up the little bit on the	2	that's not enclosed, is it?
3	tabletop, if I recall right.	3	A. No.
4	Q. Okay. Were any other changes made at UNICOR after	4	Q. Okay. I think you were explaining where Lokweld
5	OSHA completed its investigation?	5	was used, and you indicated on the post form line.
6	A. Not that I can recall, other than that Shop-Vac.	6	A. Correct.
7	Q. Are you familiar with a product known as Lokweld	7	Q. In any particular area of the post form line where
8	or Lokweld 860/861?	8.	that was where Lokweld was used?
9	A. I'm familiar with it, yes.	9	A. If you direct yourself to that square right there
10	Was that material utilized in the UNICOR facility?	10	(indicating), that's basically the machine. That was an
11	A. Yes.	11	enclosed machine with enclosed doors where the Lokweld was
12	Q. And in what areas of the facility was that	12	sprayed with a humungous air hood, air dust-collection
13	material used?	13	system right over that square area.
14	A. Let me refresh my mind. To glue on laminate and	14	Q. What is that square area called, do you know?
15	backer to particle board products.	15	A. That was actually the spray booth area of the post
16	O. And where was that operation conducted within the	16	form line.
17	facility?	17	Q. You know what, to ensure that the record is clear,
18	A. It would be the factory, it would be as you	18	why don't you just write in the box on the copy that we have
19	come in the factory, you'd walk in the factory, you'd go	19	marked as your Exhibit 2 "spray booth" where you're just
	straight can I can I use my shop?	20	indicating.
20	MR. GOLDRING: Sure. And we'll just let the	21	A. (Witness complies.)
21		22	Q. And so Lokweld would be applied in that spray
22	record show that we're referring to a diagram of	23	booth.
23	the floor plan which I had provided counsel	24	A. Um-hum.
24	earlier in the day.	25	Q. And once the Lokweld was applied, would the
25	Q. Yeah, that's helpful. Go ahead.	25	Q. And once the toxweld was applied, would the
	Page 38		Page 40
1	MR. LANZILLO: In fact, is it all right if we mark	1	products then come out of that booth and be further
2	that?	2	processed down the post form line?
3	(English Deposition Exhibit 2	3	A, Correct.
4	marked for identification.)	4	Q. Was Lokweld used in any other area of the
5	A. If you look directly under the UNICOR under the	5	facility?
6	UNICOR business office mezzanine, you saw a post form line.	6	A. Yes.
7	Q. Yes.	7	O. What area is that? Or areas.
8.	A. That was the area where we ran boards to glue	8	A. Well, we had a special project area, and I'm
9	laminate and back on them.	9	searching for that at this moment.
10	Q. That's called post form line?	10	(Discussion held off the record.)
11	A. Post form line, correct.	11	A. I can't identify the area on this map, sir.
	· · · · · · · · · · · · · · · · · · ·	12	Q. Okay. Well, then without regard to the map, the
12	Q. Now, there's some gray shading lines. They are light. There are dark lines on this diagram, then there are	13	Exhibit 2, just tell me in your own words the location of
13	lighter, but thicker lines. Do those designate anything in	14	the special projects area.
14	_	15	A. It was over in this far corner (indicating).
15	particular? Do you see what I'm talking about?	16	Q. Near the rear dock area? Oh, I'm sorry.
16	A. I'm believing these are aisle lanes, aisleways	17	A. No, we're on the other end.
17	throughout the factory, to get through the factory.	18	
18	Q. Does it indicate the presence of any type of a	19	Q. Near the packing department.  A. Well, it was up on this left end (indicating),
19	wall or a partition, or are those just designating aisles?	129	A. Weil, it was up on this diagram what is what hospice

10 (Pages 37 to 40)

A. They are aisles, except if you direct yourself to

Q. Are there walls in the locations of those light

A. The light gray ones, not to my knowledge, looking

20

22

23

24

25

21 the rear dock area.

gray lines?

at this.

20 correct. I'm not sure on this diagram what is what, because

Q. Oh, somewhere up around the assembly department

21 this ain't a real detailed map. But it would have been in

24 and the packing department? Somewhere in that vicinity?

22 this area somewhere (indicating).

A. Yeah. Yes.

23

	Page 41		Page 43
1	Q. And the Lokweld utilized in the special projects	1	A. That's not part of the post form line, no.
2	area, how was it applied?	2	Q. Was Micore board cut or machined on that sander?
3	<ul> <li>A. A roller. A paint roller type roller.</li> </ul>	3	A. No.
4	<ul> <li>Q. Would it be dispensed out of some sort of bucket,</li> </ul>	4	Q. Do you see the reference to the Holzma panel saw?
5	where you dip the roller and then apply it to some other	5	Do you see that?
6	material?	6	A. Yes.
7	A. Correct.	7	Q. Was Micore board processed on that panel saw?
8	Q. And on to what material was the Lokweld applied in	8	A. Yes. The majority of it was cut on the Z-32 panel
9	the special projects area?	9	saw, but we cut on both panel saws the Micore board.
10	A. It would be applied to the backer side of the	10	Q. The Z-32 panel saw is right next to the Holzma
11	laminate and to the face side of the board.	11	panel saw, correct?
12	Q. Were inmates required to wear respirators or masks	12	A. Yes.
13	when working with the Lokweld?	13	Q. How many boards at a time were cut on either of
14	A. Not to my knowledge.	14	those two saws?
15	Q. Have you ever reviewed the MSDS sheet for Lokweld?	15	A. Usually, most generally, three boards at a time.
16	A. I'm not sure. I may have and I may not.	16	Q. And on occasions were more than three cut?
17	Q. Do you have any recollection of doing so?	17	A. No.
18	A. No.	18	Q. Was it possible to cut more than three boards at a
19	Q. Do you know whether a MSDS sheet exists for	19	time?
20	Lokweld?	20	A. More than likely it would be possible to do more.
21	A. I'm sure there was one in the book.	21	Q. Was the cutting of three boards at a time typical?
22	Q. And why do you say that?	22	A. Yes.
23	A. Any product we had would be in that book. MS	23	Q. There's a reference below the Z-32 panel saw to a
24	every product would have an MSDS sheet.	24	CNC machine. Is that, what, computer numerical control?
25	Q. And so based on the fact that there should be a	25	A. Correct.
2.7	Q. And 30 based on the fact that there should be a	2.5	A Condition
	Page 42		Page 44
1	MSDS sheet for every product utilized in the facility,	1	Q. What was the function of that CNC machine?
2	you're assuming that one existed for Lokweld.	2	A. A CNC machine was capable of routing boards,
3	A. Correct.	3	specific shapes.
4	Q. All right. But you have no recollection of ever	4	Q. Did that CNC machine well, let me rephrase.
5	seeing one or referring to it yourself.	5	Was that CNC machine used to router Micore board?
6	A. I can't recall.	6	A. No.
-7	Q. Let me ask you some additional questions about	7	Q. Never?
		_	•
8	Exhibit 2 here. There's a reference, a box here in the post	8	A. To the best of my knowledge, no.
9	form line that says Tennon, T-E-N-N-O-N. What is that?	9	Q. Do you see at the opposite end of the three boxes
10	A. That's a Tennon machine. That's not that's not	10	there, there's a reference to another CNC machine. What is
11	part of the post form line. That is a separate machine that	11	that?
12	put radiuses on boards.	12	A. Basically the same type of machine, for routing
13	Q. When you say "put radiuses on boards", is that a	13	and cutting particle boards.
14	cutting operation, a sawing-type operation?	14	Q. Okay. Was that one used for
15	A. Yes. It's a large router-type cutting head on it.	15	A. Wood products.
16	Q. Were Micore board materials cut on the Tennon	16	Q. Yeah. Was that one used for Micore board?
17	machine?	17	A. No.
18	A. No.	18	Q. Were there any machines in the UNICOR facility
19	Q. So that machine was never utilized to work with	19	used to miter or router Micore board?
20	Micore board?	20	A. Yes. The only machines that Micore board went on
21	A. No.	21	or saw or whatever way you want to phrase it would be your
22	Q. At the other end of the area near the post form	22	panel saws.
23	line, there's a reference to a sander. Was that part of the	23	Q. Okay. The Z-32 and the Holzma.
	and the second second second	٦.	A Dight Co to complete Thereto a discourse for
24	post form line, or was that for a different operation? Do	24	<ul> <li>A. Right. Go to your left. There's a diagram for</li> </ul>
2 <del>4</del> 25	you see? Yeah, right there (indicating).	24 25	pin routers.

4

6

11

14

16

21

6 7

- Q. I'm sorry; which one is that? Oh, I see. Pin
- 2 routers. Okay.
- 3 A. The boards went from the saw to them routers.
- 4 From them routers to a boring machine to your far left.
  - Q. I got it. All the way over in the assembly area.
- 6 A. Um-hum.
  - O. On the left. Okay.
- 8 A. And then back down here to the packing department
- 9 (indicating).

5

7

- 10 Q. Okay. And so, then, the only machines on which
- 11 Micore board was processed would have been the two panel
- 12 saws in the center of the diagram, the pin routers to the
- 13 left of the panel saws as you look at the diagram, and then
- 14 the boring machine that's at the far left of the diagram
- 15 marked as Exhibit 2. Is that correct?
- 16 A. Correct.
- 17 Q. All right. What is the function of a pin router?
- 18 A. I route the top of the board a three/eighth
- 19 radius, all the way around the Micore board, on the one pin
- 20 router, and I would route the corners on the other pin
- 21 router. Basically that's what I did on night shift.
- 22 Q. It says pin routers, and it's plural. Is there
- 23 more than one machine there, or is that just a single
- 24 machine?
- 25 A. There's four machines there.

- Page 47
- Q. What is the E.B. machine? Do you see that? Next
- 2 to the pin router.
- 3 A. E.B. stands for edge bander.
  - Q. And what's a Brandt, B-R-A-N-D-T?
- 5 A. (No response.)
  - Q. It's right below the E.B.
- 7 A. I see it. I believe, sir, that Brandt is that
- 8 contour banding. That's just -- I'm not sure where the word
- 9 Brandt come from. I think we had -- that was another
- 10 banding machine we had.
  - Q. In either case, neither of those two machines, the
- 12 one designated as E.B. and the one designated as Brandt, was
- 13 used to process Micore board?
  - A. No.
- 15 Q. So my statement is correct; they weren't used.
  - A. Correct.
- 17 Q. There is a machine here between the two CNC
- 18 machines in the center of the diagram, Exhibit 2. It's --
- 19 well, it's spelled W-E-E-K-E.
- 20 A. Weeke.
  - Q. Weeke. What is a Weeke?
- 22 A. That was a boring -- another type boring machine.
- 23 Q. Okay. Not used to process Micore board.
- 24 A. No.
- 25 Q. Where was your office on this diagram?

# Page 46

- 1 Q. All right. And what does the boring machine do?
  - A. It would bore four holes in the corner of them
- 3 Micore boards.

2

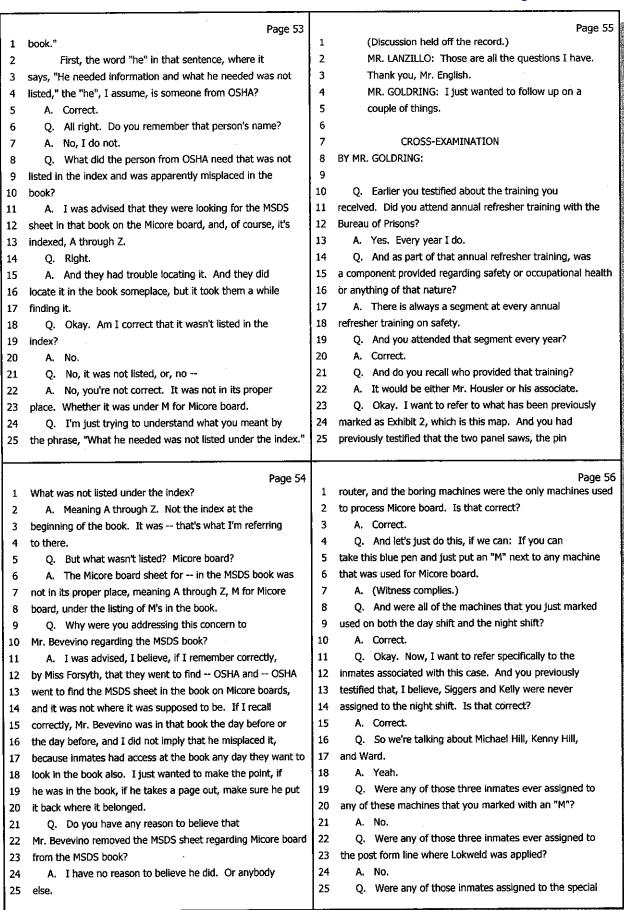

- Q. In terms of spending the most time on the shop
- 5 floor itself -- well, let me rephrase that question. Among
- 6 yourself, Mr. Sapko, and Mr. Housler, who would spend the
- 7 most time on the shop floor itself?
- 8 A. (No response.)
- 9 Q. Among those three individuals.
- 10 A. (No response.)
- 11 Q, I'm assuming it's you.
- 12 A. I can't speak for them. I never worked for them.
- 13 But out of the three -- I can't speak for them. I work
- 14 second shift.
- 15 Q. Okay. Mr. Sapko was your immediate supervisor,
- 16 though, was he not?
- 17 A. Correct.
- 18 Q. And in terms of being down on the floor when you
- 19 would be there -- well, how much of your day would you spend
- 20 on the floor? When I say "day", I mean your shift.
  - A. (No response.)
- 22 Q. Versus in your office.
- 23 A. Oh, at least three-quarters of my shift I would be
- 24 on the floor, if not 90 -- I'd put 90 percent down, to be
- 25 safe, accurate.

21

- Page 48
- 1 A. It would be located right under the word UNICOR or 2 this thing right here (indicating). I'm not sure. It's
- 3 either right here in this block or right beside it.
- 4 Q. Okay. Were you up on the mezzanine, or was your
- office on the shop floor?
  - A. The shop floor.
  - Q. Okay. Whose offices were located in the UNICOR
- 8 business office mezzanine? And I assume by mezzanine, it's
- 9 up higher than the shop floor.
- 10 A. You're speaking the second floor. That would be
- 11 the factory manager's office, quality assurance manager --
- 12 quality assurance manager's office.
- 13 Q. Who was that? Who was that at the time, between,
- 14 let's say, '01 and '04? Who was quality assurance manager?
- 15 A. Mike Hayes.
- 16 Q. Mike Hayes, okay.
- 17 A. And the next office down would be the business
- 18 office. The next office down would have been the
- 19 superintendent's. That's going from left to right down as
- 20 you're looking at it.
- 21 Q. And who was the superintendent at the time? Was
- 22 that Miss Forsyth?
- 23 A. Correct.

- Q. The offices you just identified, did they have
- 25 windows that looked down onto the shop floor?

_			<del></del>
	Page 49		Page 51
1	A. Correct.	1	there's a difference between particle board and Micore
2	Q. This says Notes Area. What is that?	2	board.
3	A. (No response.)	3	And my question is, what do you understand to be
4	Q. It's the far right of Exhibit 2.	4	the difference between the two?
5	A. That area was a new area that we took on. I will	5	A. Well, particle board is a hard, glued-type board,
6	describe it to you as best I can. They worked with	6	and Micore board is a softer, lighter board.
7	fiberboard in that area in reference to putting on a fabric.	7	Q. So they are composed of different materials?
8	Q. Like a felt-type fabric or what's	8	A. Correct.
9	A. Cloth-type fabric. And, again, that was done all	9	Q. Do you know any of the constituent parts of Micore
10	on day shift.	10	board? Do you know what it's made of?
11	Q. Were there any cutting operations in that area;	11	A. No.
12	sawing or cutting Micore board?	12	Q. After OSHA came through the facility and issued
13	A. Not to no.	13	its report, were there any meetings among the staff or the
14	Q. In the assembly area, which I understand is close	14	inmates to go over the results of OSHA's investigation?
15	or proximate to the special projects area, was Lokweld used	15	A. I don't recall of any.
16	to, you know, glue legs or anything else onto or into any of	16	Q. If there were any, you were not involved, I take
17	the furniture, or was the Lokweld simply used on the	17	it?
18	laminate board?	18	A. I don't recall.
19	A. Best of my knowledge, it was just used for	19	Q. Okay. Let me rephrase. If there were any, you
20	laminate board in that area. Not that often.	20	don't remember them, sitting here today.
21	O. How often?	21	A. Correct.
22	A. Not on a daily basis.	22	Q. The only change you remember after OSHA came
23	Q. Every other day? Three times a week? Can you	23	through was the addition of the Shop-Vac on what was it,
24	quantify it at all?	24	a router?
25	A. (No response.)	25	A. Correct.
-	Ai (No responsely		, a

- area -- or special projects area where Lokweld was being
- 2 used?

6

- 3 A. No.
- Q. Can you tell me, based on this map, what area or 4
- areas those three inmates would have been assigned to. 5
  - A. The only area they were assigned to, to the best
- of my knowledge, or their last working area, was right over 7
- here in the packing department (indicating). 8
- Q. Okay. 9
- A. By this little table (indicating). This was the 10
- table they worked on, which was a cleanup table, where they 11
- just wiped boards down. And the area that basically they
- 13 would sit.
- O. So do these three circles in the packing 14
- department represent the three inmates we are talking about? 15
- A. Correct. 16
- Q. If you could just circle that for me. 17
- A. (Witness complies.) 18
- Q. And this is the only area, to the best of your 19
- recollection, that those inmates would have been assigned. 20
- 21
- Q. How far, to the best of your recollection, 22
- approximately, would those inmates have been from the tools 23
- that were cutting or routing the Micore board? 24
- 25 A. Approximately, they would be 77 foot away from the

- Page 59
- Q. Did you have any specific concerns with respect to
- Micore dust versus any other kind of dust that would have 2
- been generated from a cutting operation? 3
  - A. No. To be honest with you, if I had a concern, I
- would have been wearing a mask. Or my foremen. 5
  - Q. And did you wear a mask?
  - A. No. Never.
  - Q. Never in the entire time that you worked in
- 9 UNICOR, you never once wore a mask?
  - A. No.
- Q. Just one second. (Pause.) Let me just ask you 11
- 12 about the sanitation in the factory. Every one of these
- machines that operated -- or, excuse me, that was used on 13
- the Micore board, did all of those machines have a 14
- dust-collection system attached to it? 15
  - A. Yes. To the best of my knowledge.
- Q. And did that dust-collection system -- to the best 17
- of your knowledge, was it fully operational at all times? 18
- 20 Q. Can you describe to me how the dust-collection
- 21 system worked.
- A. The dust collections would come down to each 22
- machine with a pipe, hose-type adaptor, and it had enough 23
- suction to suck tools up that dust collection and out 24
- 25 through the system.

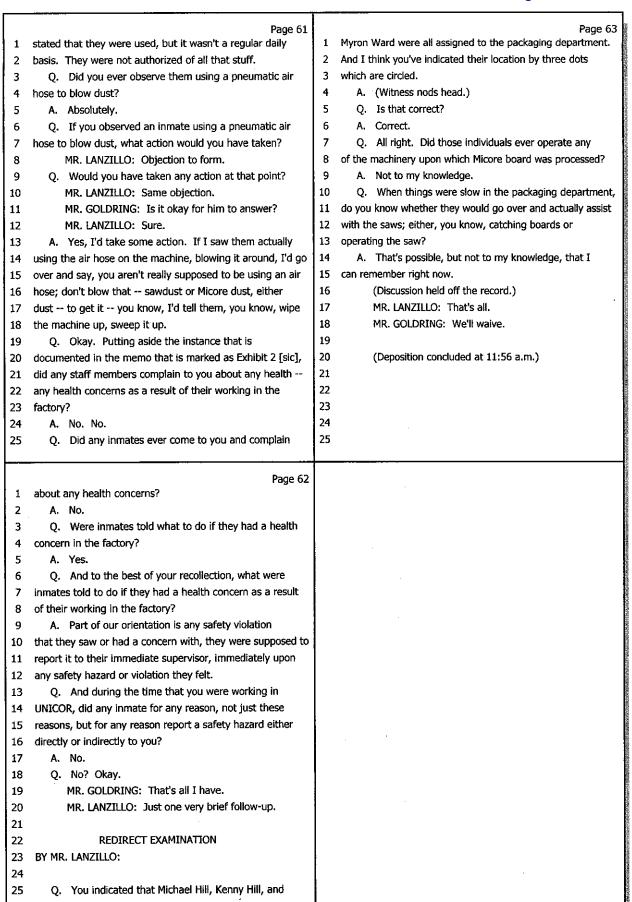

#### Page 58

- hose in the panel saw, 66 feet away from the Z-32 panel saw,
- and 70 feet away from the pin router. 2
- Q. Okay. And are those distances reflected on the 3
- 4 map?
- 5 A. (No response.)
- Q. Are they accurately reflected on the notes on the 6
- 7 map?

14

- 8 A. Yes.
- Q. Okay. 9
- MR. LANZILLO: Just for clarification, to make 10
- sure I'm clear, there's some handwritten numbers 11
- there with lines drawn to the three dots. I 12
- assume those are the distances to which you were 13
  - referring?
- MR. GOLDRING: Yes. Yes. 15
- Q. With respect to the respirators, you previously 16
- indicated that you would expect anybody who was actually 17
- operating a machine to be wearing a mask of some kind? 18
  - A. At their discretion they had a mask to use.
- Q. And would you have provided them with a mask or 20
- given them a mask at their discretion because of any 21 specific concern with respect to Micore board, or just 22
- because of the cutting operation generally?
- 23 A. Cutting operation generally. And they were in the 24
- 25 tool room available at their request.

- Page 60
- Q. And so that -- that sucked the dust -- did it suck
- the dust up off the table or down from the table?
- A. Majority of it would be down through the table. 3
  - Q. And it sucked it to somewhere outside the factory.
- 5 A. Outside, yes.
  - And with respect to the dust that was left over,
- that wasn't sucked into the ventilation system, how much 7
- 8 dust would you describe that as being?
  - A. Very little percentage.
- 10 Q. Okay. And -- go ahead.
- 11 A. I was just going to say, for percentage, on a 1 to
- 10, 10 being the worst-case scenario of dust piled up, I'd 12
- say what was left on any machine, in my professional 13
- opinion, would be a 1, a 1.5, to a 10 being the worse. 14
- 15 Q. And you previously testified that that was then
- cleaned using a Shop-Vac, a broom, or a hand sweeper. 16
- 17 Correct?
- MR. LANZILLO: Objection to form. 18
  - MR. GOLDRING: Okay.
- Q. What was then used to clean up the remainder of 20 21 the dust?
- A. They could sweep it up with a broom and dust pan. 22
- Q. Did you ever authorize an inmate to use a 23
- pneumatic air hose to blow the dust off of a table? 24
- A. No, I did not authorize it. And I believe I 25
